Testimonials

«The renovation of 144 Champs Elysées was quickly accomplished using the adhesive system, transforming the old decoration into the new Brioche Dorée concept with the help of the magical film that covered moldings, frames, partitions, and panels. The works between 10 PM and 6 AM did not disrupt the business activity, enabling an efficient and cost-effective transformation for the commercial and restaurant establishment.»

- Hubert MOURCELY, Renovation Manager Brioche Dorée

«The Kirchberg offices were rapidly renovated at a lower cost, thanks to the adhesive coverings. In just 5 days, 532 m² of partitions and doors were covered with films mimicking natural oak (reference 19), resulting in a realistic outcome! This transformation modernized the offices without disrupting the company's operations. We wholeheartedly recommend this product.»

- Sebastien JUNGEN, Associate Bamolux

Environment.

We prioritize your health and the environment. Our clean manufacturing process produces low levels of CO2. Additionally, installing our film minimizes the waste generally produced by traditional renovation methods by allowing you to give a new life to existing structures. This minimizes the volume of waste sent to landfills, contributing to a more sustainable approach to renovation, and reducing carbon footprint.
